Putting you in recrITment

IT Futures recruitment is changing the way recruitment is practiced. IT Futures works hand in hand with training and recruitment, enabling us to identify the gap in the Australian IT industry and bridging that gap by providing the most recent and in demand certifications to our candidates. Working with employers, we know what their demand is, allowing us to headhunt job seekers suited best for the respective roles, while also delivering them with essential on job skills such as communication and interpersonal skills through our CareerReady program.

About Us

IT Futures has been in IT Training and Certifications for over 8 years. Our growth has been fuelled by the growth in the IT sector which is on track for greater growth than ever. Throughout this time, we have successfully trained and placed many candidates who now are well placed in the job market. Today, business and market dynamics are moving rapidly and continuously and along with it, strategies and technologies are changing too. Talent and time are short in supply and nearly in all fields, skilled people are hard to find. To cater for such change, gap and overwhelming growth, IT Futures has setup a dedicated IT Recruitment arm. Here we combine the input from the employers and design and deliver training to our candidates hence making the best match for employers and employees.

What we can help you with?

- Temporary Staff
- Contract Staff
- Permanent Staff
- Staff training and Certifications

What we Guarantee?

QUALITY Promise:

At IT Futures we guarantee that our candidates will meet the best industry standards and client requirement.

PRICE Promise:

Our prices are the lowest in the entire industry. If you find a cheaper price, we will charge you nothing for our candidate*.

**Please refer to the GSA for further details.*

SERVICE Promise:

At IT Futures, we work with you to recruit staff specific to your business strategy and needs, enabling the candidate to perfectly align with the organisation. Therefore, we guarantee that if after employing our candidate you feel they are not up to the standard, we will work with you to overcome any difficulties, or as an alternative, replace that candidate with a candidate of your choice at no further cost*.

How we get it right?

At IT Futures we use a simple formula to guide our success, which is entirely dependent on the success of our client. Our emphasis lies on four key processes:

IDENTIFYING the gap, the first and foremost step is to know what is required and where it is required. This lets us filter out all the noise surrounding our process letting us focus on the key aspect.

OBTAINING talent is the next key step in our strategy. Finding applicants is easy, but finding the right applicant isn't, and we at IT Futures will guarantee finding you the right talent. We have a pool of applicants ranging from basic to critical IT roles and functions obtained from various sources.

ASSESSING our candidate is considered a core activity as it is vital in matching the candidate to the job opening. We assess our candidate on grounds such as education, technical skills, written and verbal communication skills and interpersonal skills.

MANAGING people, integrated with our skill to manage efficiently both client and candidate, we are able to offer both parties with a practical and efficient way in which to unleash their greatest potential.

Our Credentials

As portion of our business focuses on IT training and certifications, IT Futures is proving to be one of the best IT training institutes in Australia. We proudly claim that we are a Microsoft Silver Partner and the sole Authorised CompTIA Learning Partner in Victoria, a clear statement of our excellence!
